**Subject:** Solution to a numbering problem in Oswald files.

As a result of telephone conversations with Gloria Boyd at CIA by David Marwell, Jeremy Gunn, Mary McAuliffe, and Robert Skwirot , the ARRB has agreed to accept the NARA numbers for disk 16 which the CIA sent us along with the Oswald files in July. Disk 16 includes, from Box 1, part of file 7 and all of files 8 and 10. The documents in these files now correspond to NARA numbers 104-10016-10000 through 104-10016-10050. These numbers supersede those which were generated earlier and were printed in April. The variation from the earlier numbering begins at an OUT-file that contains a CIA identification form but not a document. A note attached to this file explains that a duplicate of this document appears in Box 1, file 10 of these files, which indeed it does. No other identification problems have been identified thus far in the Oswald files.
