Subject: Errors in CIA Announcement
There were some errors in our official announcement of Board decisions on the 37 CIA documents. For example, 104-10062-10001 is listed as having 19 postponements and being "open in full." 104-10018-10103 is listed as having one postponement and being "open in full." Would you please triple check this and determine the exact status of each of the 37 CIA records so that a correction can be published in the Federal Register.
