Subject: ARRB Record Tracking Chart

Joe told me earlier today that Jeremy asked him to review the Chart and to summarize work that needs to be done. Joe mentioned this to me to find out if I'm already working on any of the tasks mentioned. Joe and I just met and he provided me with a copy of the Chart, dated 8/14. I did not know the Chart is updated and added to, or that I should be reading it (but I know now.) I noted several items that have my name next to them (page 3, Thomas Foregger letter, re: Vincent Guinn; and page 11, STAFF, 7/26/95, locate subjects of depositions.) Should I be working on these projects now or did you intend to speak with me about this first. I don't want to "jump the gun" but I also don't want to not conduct work you want done now.
