**Subject:** CIA review database

Some problems that have emerged as I have gone through these documents again: 1. Why can't I get a yellow review form to appear for #104-10015-10049? Granted, we've recommended a release in full for that document, but we'd like the Board to consider one of the proposed releases rather than simply perfunctorily release the document as part of a consent agenda.2. #104-10015-10065 has 9 rather than 6 CIA postponements listed on the review summary sheet and lists redaction #5 twice. What to do?3. How do we deal with documents the Board released at its August 3 meeting? These include (so far): 104-10015-10013, -10014, -10015, -10019, -10027, -10047, and -10048.Thanks.
