Subject: misc.

Sorry that I missed you when I called today. It was a crazy running around day and the payphone situation here doesn't help. I was in the French Quarter a good part of the day and pay phones there are almost non-existent. I'll read the Dale Myers letter in a minute and will send you another email about it. I know Jerrie was out today so your other correspondence didn't go today either. Hopefully she'll be back on Thursday.

Body: Hopefully we'll make the phone connection by then, too.
