Subject:	Are you using the "Print Using" feature?
	Does this help explain the problem that we have been having with printing?Author: Greg Walrath/SEAWI/WESTIN/US @ WESTIN @ WorldComComposed: 09/27 11:17 AMReply to : Are you using the "Print Using" feature?If you're printing documents from a view, and you want to use the Print Using feature to print it using a different form, there is a bug in versions of Notes previous to 3.20 that would cause the Print Using choice to be ignored, or an occasional system crash, if the form you chose was the third one in the list. Change the name of the form so it isn't.On the other hand, you may have a corrupt Windows printer driver.
Body:	Run Setup from Windows and re-install the driver.
