Subject: Curtis E. LeMay

I just found out that Chris was looking for certain "pertinent data" this subject , per your direction. Since you are interested in subject's relations to certain policy issues, I will scan two additional works and provide xerox excerpts for you as appropriate, to complement what Chris is doing: Eyeball to Eyeball, by Brugioni; and Dark Sun, by Richard Rhodes They both contain material that I know will be of interest to you. I should have some interesting material for you in a week or two.
