Subject:	CIA documents
Body:	Barry is planning to come by tomorrow with the documents for the next meeting, and he'd like to talk with you at that time. He'll call first to set up a time. They don't yet have a full response from DO on all the outstanding issues, but they'll inform us of what they do know now and will update us on the rest as soon as they get it--probably on Tues. or Wed. I told him that Wed. would be too late, but that may be when it happens. HRG has responded to all our requests for evidence for the first three boxes of the Oswald file, but the problem is that many of these responses may become outdated within a day or two, and HRG has no way of notifying us on the documents themselves those which contain pending issues and those which do not. The best Barry can do is give us a list stating CIA's latest position on issues as they are settled. He'll give the first of these to you tomorrow. Please give a copy to CIA team members, who will use this information as they begin to review Boxes 1-3 for the next Board meeting. Our goal will be to separate out those documents for which issues are still pending and handle them next week, so we don't have to do them twice.
