**Subject:** FBI Document re: Judith Exner  
To: Jeremy Gunn/ARRBcc: From: Laura Denk/ARRB Date: 12/04/95 12:03:56 PMSubject: FBI Document re: Judith ExnerI called Phil to ask about the Access Reports fax you gave me. He said that he knows the document, but that the Board has not yet voted on it. He thinks it may be part of the Giancana file, in which case the Board would have voted that it is an assassination record, but he doesn't think it has gone any further in the process than that.
