Subject: Transfer of complete HSCA Numbered Files to ARRB
Earlier today, Kris Wilhelm -- after clearing it with Diane Dimkoff -- filed the necessary paperwork with NARA's moving folks to transfer the HSCA Numbered Files record series up to ARRB. Kris says this means the move could take place anytime between tomorrow morning and a week from tomorrow morning (the moving crews prioritize their work orders themselves, apparently). Kris gave them my name as the contact. We're talking about approximately 300 Hollinger boxes (that was Kris's number -- I don't know if she was taking into account the 25+ we already have). This shipment will not include the CIA Segregated Collection Classified Boxes -- they need to be double-wrapped, etc. But while I'm on that subject, it's worth noting that when Chet completes the disk updating project (which he's scheduled for Thursday/Friday of this week), we will be able to search that database on-site for the first time.
