**Subject:** Alleged Existence of Cliff Fenton Report on Oswald in New Orleans

A researcher called me on the telephone yesterday to ask about the existence of a report allegedly written by HSCA Investigator Cliff Fenton about Oswald in New Orleans. The researcher had heard that such a report existed and had valuable information about Oswald's contact in New Orleans. This issue has been raised by another researcher recently. On December 4, 1995, I gave Jeremy a copy of an 11/22/95 letter from Ron Davis regarding the report allegedly written by Fenton. I also attached an excerpt from DiEugenio's *Destiny Betrayed* in which reference to this alleged report is made. Please advise me if this is familiar to either of you and whether or not we can pursue it. If there is going to be contact with Fenton, it seems like a worthy matter to ask him.
