Subject:	DOD Documents in HSCA Collection
Body:	Joe Freeman has completed making the grid/chart/matrix of DOD documents from the HSCA collection (based on the review he and I did at NARA) which we will use as a cover sheet for the enclosures--the documents themselves--when we send them over to DOD asking for their determinations on release or postponement.My task here is to go into the SCIF now, using Joe's grid, and: (1) Pull the 37 documents; and (2) Copy them, so they (the copies) can be sent over to DOD as enclosures to our next letter to Aly.I will start working on this Friday, and will complete as expeditiously as possible, in view of other things (such as review track training, medical deposition preps, etc.).
