**Subject:** Response to your inquiry, re: "Back Channels"

As the "178-" prefix indicates, all the records you highlighted are from the NARA-FORD record group. All of them date from the Rockefeller Commission/Church Committee era and they are all referred. Thus they are neither in our holdings nor in Steve Tilley's. As I understand it, to get copies we'd have to ask the Ford Library -- which, of course, we'll have to do eventually, but I presume you don't want this effort made for these particular documents at this juncture. Hardcopy attached to your note and in your box. I have the RIFs for the docs if you want them.
