I will be out of the office next week (with my family in Mexico). With my trusty laptop, I will be in virtual contact with the office, so please send messages to me via the office E-Mail or call Tracy and she will get a message through. 1. There has been some movement in the Connick matter. The Judge in New Orleans has issued an order (a copy is on its way to you via FEDEX), that, although not entirely clear, indicates that we should arrange with Connick "a mutually agreeable for production of the documents in New Orleans." 2. Jeremy, Mary, and Bob interviewed Richard Helms last week. He was cordial but ultimately uninformative. We will fill you in on the details at the Board meeting. 3. The deposition of Dr. Humes took place on Tuesday of this week. Humes was cooperative throughout the day-long questioning. He resolved some issues while raising others. We will provide a short highlight briefing of the Humes and Boswell (to be held on February 26) depositions when you come to town at the end of the month ( a complete transcript for Humes will be available by then).4. Drafts of the Review Guidance "Grids" have been sent via FEDEX.
