Subject: DOD Sec. Classified document/Dave Montague's FinCen checks

You'll recall that there is an HSCA Security Classified Files record in which Stewart Aly has requested postponements (home addresses/phone numbers/DOD serial numbers). This record was tentatively scheduled to be taken up at this week's Board meeting. You suggested Dave M. check on the living/current address status of the individuals whose addresses, etc. DOD wants to postpone. Pending completion of this check, we did not put the record into a "Box" for this meeting, as Noelle advised it is easier to add a document to the boxes late than it is to take one out once in. Dave kindly and expeditiously worked on the project on Friday. Of the nine individuals whose home addresses and/or phone numbers are listed in the record, Dave was able to determine that five are deceased and that two are still living at the same addresses. In the case of the two remaining names, Dave was unable to make a determination one way or the other. In addition, Dave was unable to make any determinations concerning the six individuals whose DOD serial numbers (but no addresses or phone numbers) were listed. How do you wish to proceed, and do you wish to do so at this meeting, or at the next?
