Subject: Ok heres the plan

Body: PANIC,, no thats not it.I have created new views in the RT database calledFor discussion IIMarked Accepted by boardWe should assign documents in these views to the Board meetingUse the views to print agendas out.We should also print Board review forms for the discussion documents.The for discussion documents will need to be pulled from the boxes and seperated into piles for each board member. In case of multple board discussion votes I would give those to jacks pile as Chair.Good luck. I will NOT be available from 10-12 if you need me call before or after that time unless it is an emergency. I should be in by 3:30pm
