Subject: Upcoming ARRB Interview of Robert Bouck

Tim, in an earlier e-mail Joan Zimmerman informed us that she had arranged for Robert I. Bouck, head of the Protective Research Section of the Secret Service at the time of the Kennedy assassination, to come to our offices for an interview on April 30th. She informed me that her focus was not on medical issues, and suggested I think about questions in that area of the case if I so desired. Accordingly, I have placed in your inbox a list of proposed questions in the medical area for Robert Bouck which I feel should be asked by someone on behalf of ARRB. Of course, I would like to be present myself, but I do not know if that idea meets with the plans of management. More important than whether I am there myself or not, is that my proposed questions get asked by someone at ARRB. Please review and discuss with Jeremy. I really think these questions, or variants of them, should be asked by someone. (If you want elaboration as to why a question appears on my list, or background, I can provide.) If you decide that you want me to be present at his interview, I will be pleased to attend. After the week of 08-12 April, Jeremy will not be back in the office until 29 April, so I'm hoping you can discuss this with him the week of 08 April. Thanks.
