Subject: Firearms Panel Report: Progress Report

I don't have a copy of the below-referenced March '79 letter to Stokes from Lutz, as it came from a record series (Correspondence Received After the Committee's Expiration) which we don't have here at ARRB. I gave David a copy at the time, he may still have it.To: David Marwell/ARRBcc: Tom Samoluk/ARRB, Jeremy Gunn/ARRB From: Joseph Freeman/ARRB Date: 03/26/96 12:07:04 PMSubject: Firearms Panel Report: Progress ReportWhen the Firearms Panel appeared before the Committee at a hearing in September of '78, the members of the Panel referred to a "report" which they were handing in and which was given the designation of "JFK Exhibit Number F-275." There is an 8-box record series in the HSCA Collection called "Published Exhibits ("F" Numbered Exhibits)." This record series is located at NARA II. I've asked Steve Tilley/Martha Murphy to check this series and see if it contains the document you've seen.Also, attached to the hardcopy of this e-mail is a March, '79, letter to Chrm. Stokes from Monty Lutz of the Firearms Panel. The letter recounts how the whole panel travelled to D.C. that same month to spend some 22 hours (9 with Blakey himself) working on what they regarded as an inadequate staff draft of a firearms report.
