Subject: Creating a RIF

The below item is time-sensitive only insofar as I'd like to get this newly-RIFed document into the consent database so that it can be referenced with the FRN associated with this week's meeting. Many thanks. To: Chet Rhodes/ARRBcc: From: Joseph Freeman/ARRB Date: 04/08/96 04:29:43 PM Subject: Creating a RIF We have a document from the HSCA Security Classified Files record series which is stamped by DOS as releaseable but which didn't have a RIF number. Earlier today, Kris at NARA I created a new RIF for it, but I forget how to add this newly RIFed record to the database (so I can move into the consent database and have it referenced in the next FRN and eventually sent out to NARA..). Can you help (this is a non-urgent request).
