**Subject:** Draft follow-up letter to Customs  
Jeremy: while you were gone, as you're probably aware, Customs got back to us requesting privacy redactions (names of employees) in two HSCA documents we had requested they review. If you don't have their letter, and want it, let me know. This is a reply to their letter of 4/19, essentially requesting evidence in support of their recommended postponements. Please note that they requested a redaction in the actual NARA RIF for one of the documents -- I don't know if my draft effectively captures why we are unable to even take up that particular request.
