**Subject:** Revised cover to CIA, re: referred HSCA documents

**Body:** As discussed with all of you, attached is a revised draft. The number of documents we're asking CIA to clear has gone from 39 to 45: the six additional records reflect Jeff Morley's request plus two related documents (one of Morley's requests is Bringer's HSCA testimony; I've included the separately RIFed index and summary memo of his testimony, bringing the Morley-related total from 4 to 6). Minor textual changes follow from the addition of the Morley material; this new draft also incorporates Jeremy's changes to my first draft.
