1. Photo Experts: I have made initial contact with Kodak (2 calls so far) and am waiting for a return call...let me run with this one for a while. I'll let you know if/when anything important happens.2. Vince Madonia: I called what used to be the "NPC" in Anacostia--now known as Navy Media Center--no dice with anyone there knowing him, or of him, but the CDR I spoke to who runs the place now gave me 2 leads--one is a BUPERS person in the Pentagon who should be able to contact the locator section for me and determine where this person's whereabouts are if he retired, or whether he is dead if formerly retired; the other is a civil service "old timer" who works for CHINFO (Navy's Chief of Information) who supposedly knows (or knew) everybody for years past. I'll let you know what develops from these leads.
