Subject: Board Reasons

Body: This is the board reason for some of the postponement voting forms which I think will also need to be changed. Can you talk with the powers that are to let me know what the correct text would be. The text is redacted because it reveals the identity of an intelligence agent that properly may be withheld under Section 6(1)(A) of the JFK Act. The Board is awaiting additional evidence from the CIA, at which time it will reconsider the postponement. A macro called S-Fix for bob is now in the system. Also a new database called S-Track. You will need to add it. I have one test document in that database that you can delete.I have modified the Determination summary, Final Determination forms and I think every other view in the system.Good luck.
