Subject: CBS Story

I have just returned from the Finck Deposition (he could not recall much -- more about this later) and wanted to let you know that Tom, in checking further into the newly discovered out-take film, determined that several of the most interesting sequences (Ruby at the Oswald "press conference," LBJ leaving Parkland) had apprently already been broadcast in the Nigel Turner series, "The Men Who Killed Kennedy." He has alerted CBS, and they will have to decide whether and how Tom's discovery will affect their plans. We'll keep you posted.I want to provide an update on the events of the past (eventful) week. I will endeavor to do this over the weekend and will get it to you as soon as possible.
