**Subject:** MC Chron for determination summary  
Michelle and I entered the four copies of the Chron (13-4, 14-46, 15-8, and 86-1) on review track. They are too large to display in the RIF view, so a determination summary is necessary to check the documents. Also, I ran the postponement numbering macro, assigned the meeting date, and marked the documents ready for archive. The release dates need to be refreshed, as do the action dates at the top of the summary. Other than that, I think that they should be ready for a printout. Thanks.
