I created a t:\tammi drive. Could you put her files in that drive?To: Chet Rhodes/ARRBcc: Jeremy Gunn/ARRB
From: Tammi Long/ARRB Date: 06/21/96 04:02:34 PMSubject: E-maill attempted to get into wordperfect to
transfer files to the T drive and I received the error message "Cannot Initialize". Tracy attempted to reboot it
with the instructions you gave her and it did not work. Jeremy wants a T drive created for my files. Please
transfer all my files to the drive since they are all work related. Most of them have complete document
summaries in case you need to verify the content. Thank you.
