Subject:	Gumshoe
Body:	Thank you very much for correcting the problem with deleting the old letter and replacing with a new letter from WP. One problem remains - if you can fix it, it would help a lot. When I copy Dave's Gumshoe letter into WP I have to change the font repeatedly (not just once!). It keeps coming up Helvetica, New Times Roman, etc., and switching back and forth. In a letter today I had to delete 3 fonts.
