Subject:	New CIA disk. Request for a new button.
Body:	We have an update of OSW12. The disk is in Noelle's box behind the door in the SCIF. This disc includes 50-60 documents which were absent in the earlier version. We now have the documents, so the only thing holding up our review is the lack of electronic data. The sooner that you can download this disk, the better. Thanks.Also, it would be helpful to have a button for Digraphs. I'll get a sample to you. Again, thanks.Finally, I printed the Final Determination Forms from the May meeting on Tuesday. There were very few corrections necessary in this batch of 130+ documents. Kudos.
