**Subject:** Tuesday's advisory  
I noticed yesterday that there are 91 DUPLICATE fbi docs, postponed in part, noticed in the Federal Register. It reads "It is the Board's policy to release duplicates of records on the same terms and conditions as those records which it previously voted. The following determinations are noticed pursuant to that policy:"Should this be mentioned in the advisory?? If so, would you prefer it to have its own category, or should it come under "Other Board-related activities?"
