Subject:	computers
Body:	Chet--David and I went to OPM today and got four computer set-ups. You probably noticed them outside your office. Can you please check them out, see if they work, how much memory/capabilities each has, and anything else we need to know? Thanks.Also, Brian Rosen is starting on Monday and will be located at Dennis' old desk. Can you set up a computer account for him and I'll handle a phone and voice mail account? Thanks again.Hope to see you again someday! If I don't, have a nice holiday. (Could you please e-mail me your schedule for next week? Thanks)
