Weekly update for military/medical team: -- completed review of FBI/NSA liaison files -- began inventorying newly-discovered classified documents at NARA related to Cuba policy, circa 1962-3 -- received first feedback on article distributed to military base newspapers by reporter Linda Kozaryn: a handwritten memo from a former officer who was Maxwell Taylor's speech writer outlining events on November 22; individual was also JCS project officer for various memorial ceremonies. -- Groden deposition -- obtained agreement from Joint Staff and Air Force for consent release of various documents copied from Pentagon Telecommunications Center microfilm. [Documents still require Army RIF's. . .] -- arranged system [via Randy Rakers at Military History Institute, Carlisle] for expedited review and, where appropriate, consent release of Army documents from microfilm [approx. 200 documents on hand so far] -- received NSA package with their formal response to board, including various TS/SCI documents; met with NSA reps on July 3 to discuss their presentation to the Board next week -- initiated search for Army records related to 316th INTC Detachment [best lead so far is some stuff already held at NARA, including official unit history for 1963 -- plan to review on Friday, July 5]
