Subject: R&A Filing

I continue to hope that my prior suggestion (below), to which I have heard no response, can be acted upon. I am very concerned about breaks in continuity of knowledge. What are my chances?Please keep me fully informed about the status of replacements/temps, etc.To: Tracy Shycoff/ARRBcc: David Marwell/ARRB, Noelle Gray/ARRB From: Jeremy Gunn/ARRB Date: 07/05/96 04:33:46 PMSubject: R&A FilingI presume that it makes sense for someone on the permanent administrative staff to learn the R&A filing system from Noelle before she leaves. Please let me know what you think.
