Subject: Protected name in HSCA DRE documents
FYI, just in case I forget at some point: as you'll recall, the CIA wishes to protect a name in 5 of the HSCA DRE-related documents they recently reviewed and returned to us. As you'll recall, that name actually appears on the RIF of one of the documents. Today, looking at Church Committee documents at NARA II, I came across the same name -- open -- in the public version of a document from that collection. I will put a copy of this latter document with the copies of the 5 HSCA documents on row 5A in the SCIF. More ammunition when the time comes.
