**Subject:** Military/Medical Team Weekly Update  
Military/medical team highlights for past week:1. Interview of Moses Weitzman, Friday, July 19.2. Telephonic interview with Floyd Riebe, July 19.3. Initial telephonic contact with Edward J. Coyle on July 19 (Montague). Coyle generally supported version of events recounted by Hosty, and seemed eager to meet with a member of the ARRB staff for an in-depth interview regarding his activities and those of the 112th INTC Group at the time of the assassination.4. Wray arranged for contacts within OSD and USAF to review/declassify photocopies of OSD/USAF messages in microfilm collection of Pentagon Telecommunications Center. (Joint Staff and Army have either already done this for initial batch of documents or are currently in the process of doing so.) Upon completion of OSD/USAF review/declass, we will have a total initial batch of approximately 400 documents (more than 1000 text pages) ready for RIFing by Army intern (to begin next week) and transmittal to NARA.5. Chris has nearly completed assembling the data we collected in St. Louis into a single integrated data base.6. Following up on earlier correspondence between us and Peter Dale Scott, Scott sent us a letter with an enclosure giving detailed citations regarding various USMC records related to LHO or other activities relevant to the assassination. Brian will sort these out and we will try to locate the records Scott alleges to be "missing," if possible.
