Subject: McCombs Papers
I have completed a summary memo of my trip to Martin which I shall only bore Jeremy with, but I wanted to let the rest of you know that the records I copied are now in a hollinger box in our SCIF (Row 5-A) labeled "McCombs Papers." I've sorted the copies by general subject area and placed them in labeled, alphabetically arranged, folders. Tom, you may want to take a look at the "Photos/Films" folders. Other folders of perhaps most interest are "Odio, Sylvia" (McCombs/LIFE thought there might be a lot more to S.O. than met the eye... I don't know how much, if any, of their speculations are original), "Walker, Edwin" (McCombs/LIFE investigated the possibility that Oswald had help in the Walker assassination attempt), original interviews with Dealey Plaza witnesses like Sam Holland and George Davis, a lead on the origins of the "Hidell" alias, interviews with folks alleging LHO/Ruby links ("Hummel" and "LHO/Ruby, Fine/Hall diary" folders) and a memo on LHO's post office boxes. For what it's worth.
