Subject:	New HSCA database
Body:	Per your request, I'm e-mailing you to remind you that I'd like to be able to easily print RIFs for records listed in the new HSCA-Cross Reference database. We talked about how, rather than actually printing RIFs from the database itself, you might set up a view in the larger HSCA database that would enable me to call up all HSCA records that are "marked" as also being in the new database and then search (and print RIFs) from/ in that view.Thanks again.
