Hi Tracy, I am practicing working with Lotus Notes email as well as taking care of a request! According to Janice, Noelle used her mouse for the computer on the mouse drawer stand. The drawer is now missing one peg for some reason. Do you know if we can possibly get that so that I could use the mouse in the drawer stand. It is kind of awkward, physically, to have the keyboard out past the desk, but have to use the mouse on the desk. Thank you for all of your help. I'll see you on Monday of next week. If you need to get a hold of me for any reason, my office phone is (703) 212 2747. I will try to come by this week during the evening ie 5 pm or so, and leave an envelope under your door of forms that I got from GSA, ie the direct deposit and life insurance forms. Thanks again Tracy.
