Subject: Misc.

Body: 1. I spoke to Chet and sketched out the project tracking database idea. He will speak to you tomorrwo about it.2. You might want to speak with Brian about his future role. He came to inquire about it, and I told him in broad terms that he would be working on "your side of the house." His reaction was quite positive, but I think that he needs some sense from you of what he will be doing. 3. I interviewed Ron Haron today. He seems to be a good candidate. (He has had a great deal of experience in large-scale discovery). I think that you should interview him. I'll send over his resume, etc.).4. My number in New Hampshire: 603-279-8031.
