Subject:	FBI data
Body:	I was at the Bureau this morning delivering the Federal Register Notice, and Pat Schumate asked when I would be willing to bring over the laptop to retrieve fresh data. She also mentioned that they had a release planned for the first part of September, and I told her I thought it would be best to do it after that was out the door, to ensure that the data we retrieved was as inclusive as possible. Is this how you want to get data from them, or do you want to do it another way?
