**Subject:** Proposed Itinerary for Kodak Meeting September 11, 1996

Start time is already set for 9:30 A. M. Our visitors will be Mr. Jim Milch, Head of the Lab at Rochester, and Mr. Roland Zavada, a former 8 mm film expert who is now in retirement. I propose the following possible activities for your consideration: 9:30-12:30: Meet in conference room to discuss a broad range of possible film issues with regard to feasibility, cost and benefit. My proposed topics include: Authenticity of Original Zapruder film held by NARA Authenticity of Nix and Muchmore Films Authenticity of certain autopsy photos Authenticity of certain autopsy x-rays Analysis of certain 35 mm films submitted by Mr. Groden Analysis of various 35 mm slides taken by Dealey Plaza bystanders 12:30-1:45 Luncheon (ARRB takes Kodak visitors to lunch) 1:45-2:30 Drive to Archives II 2:30-3:30 Examine Zapruder film 3:30-4:00 Examine selected autopsy photos and x-rays 4:00-5:00 Return to downtown Washington 5:00-6:30 Dinner/Entertainment Option (?) When we meet to discuss Kodak, perhaps we can use this list of suggestions as a talking point. We should strive for internal agreement NLT September 6, so that we can prepare the appropriate memos for NARA (i.e., Kepley and Tilley), and perhaps even fax an itinerary to Kodak (since Mary Ferraro asked for one). END
