MISCELLANEOUS ACTIVITY Issue # 70Document's Author: Dave Montague/ARRB Date Created: 08/28/96Subject: Notes re: 08/27/96 visit to IRRDescription of Activity 112th M/I & Cuba Projects Chris, Brian & I met with Army Intelligence Facility Director Jane Sealock, (newly appointed) IRR Director Elaine Rogic & Declassification Specialist Bob Watson. Jane said Elaine is our new point of contact, but she'd still be available to help in any way. Elaine provided staff to perform DCII queries for us as well as to provide files. IRR staff were cordial & responsive to our efforts. Bob provided documentation for Tim Wray re: "Destruction of JFK records", which he said is just a formal notice of what they previously discussed. Brian found possible identifiers for "Stanley Wozniak" (remote) through DCII. Chris found several Cuba related names of interest, but the volume of material made it impossible to review all the "Cuba" files during our visit. Chris also identified several names for DCII queries which resulted in possible identifiers for "William Arms". I ran many names through DCII (112th as well as others) & found possible identifiers for: "Sandie Spencer" (remote), "Stephen R. Weiss", "William Saxton", "Jack/John C. Overstreet", "Robert A. Moon", Thomas Norman Canning" & "Robert P. Hilton".
