Subject: Military respondents

CALL REPORT: PUBLICDocument's Author: Christopher Barger/ARRB Date Created: 09/03/96 The Players Who initiated the call? Review Board's representative in the call: Christopher BargerWitnesses/Consultants's representative in the call: Duane CooperDescription of the Call Date: 09/03/96Subject: Military respondentsSummary of the Call:I called Mr. Cooper, identified myself, and confirmed that he received the information packet I sent him. I explained once again that we had been given his name by Steve Billick. Cooper was unenthusiastic, but cooperative. He stated several times that he didn't have much to tell.Cooper said that he was not a pilot, but a crew chief in the Army's presidential squadron. He said that they had remained in Washington during the Texas trip, and that the Marine helicopter squadron had gone to Dallas with the President. Cooper said that they had flown JFK from the White House to Andrews AFB when he'd left Washington, but had no activity beyond this; they were the back-up vehicle and were on stand-by until the return to Washington.Cooper said that he neither took part in nor was in a position to know about any flights that had occurred after the return to Dallas. He said that his squadron had not made any flights after President Johnson and Kennedy's body returned to Washington.While Cooper was agreeable to leaving the door open for us to call him again if we came up with something else, it is unlikely that his experiences could be of use to us. I will send him a follow up letter encouraging him to contact us if he has any records he feels are of use to us; it is expected that this will be sufficient contact with Mr. Cooper.Don't forget to compose individual Action Item documents for any action items that resulted from the call!
