Subject: Weekly Update

Highlights from Military/Medical Team:1) Cuba Records at NARA: Chris began preparing RIF's for these; declassification specialist from the Center of Military History (Toni Bowie) has been designated by the Army as the individual to review these records. We expect her to begin work on these records next week. (We had requested that Randy Rakers from MHI undertake this task, but Rakers was unavailable due to other duties.)2) Sent letter to Lt. Col. Everett DeWolfe, USAF, who is president of the "SAM FOX" association of personnel formerly assigned to the VIP air wing at Andrews AFB. We hope Lt. Col. DeWolfe will assist us in contacting former flight crew and ground operations personnel who were involved in the flights to/from Dallas and Bethesda on November 22, 1963. In addition, we will use this channel to try to determine the provenance of the "operations log" previously given to us by an Air Force civilian employee.3. Chris, Brian and Dave reviewed files at IRR for leads on anti-Castro Cubans and alleged gunrunning activities in Dallas area at the time of the assassination. File on Antonio Veciana for 1962-3 contained extremely interesting information on his relationship with Army intelligence and other intelligence agencies. (Chris and Manuel are following up on this during a visit to CIA today.)
