Subject: Items of potential interest in Earl Warren Papers
 I shall be handing over to Doug copies of the following records which Eric and I secured from the Earl Warren Papers at the LOC last week. Most of what Eric and I pulled for copying purposes concerned autopsy/autopsy photo kinds of issues, with a few other things besides. If either of you want to see any of these records, feel free to let Doug or I know; otherwise I won't burden you w/additional paper. I'm sure some of this material is available already somewhere in the JFK Collection, but I had never previously come across it, so Eric and I erred on the side of copying it.[As an aside, some of this material will necessitate minor revisions/addendum to my already-classic "WC/Specter Milestones" memo. After these are made, I will put an updated version in the file (and give one to Doug, who always flatters me by feigning interest in my successive updates of the thing), but I will not throw one in either of your boxes unless requested to do so.]The list, without further ado, in rough chronological order (except where related items extend across a longish time-frame):12/9/63 cover letter from Dep. AG Katzenbach to Warren, cover letter to FBI Report12/9/63 memo to EW from his aide Bert Whittington, re: call from Henry Suydam of LIFE magazine regarding availability of Z-film.12/12/63 letter from EW to Suydam, expressing thanks and interest, re: Z-film.05/25/65 letter from EW to AG Katzenbach, re: call from Evelyn Lincoln's office to EW's office (on Jackie's behalf) about getting JFK clothes back; EW thought this a bad idea, called RFK on it, then conveyed substance of their conversation to Katzenbach in this letter.8/9/66 letter from Specter to EW, re: proposal that autopsy photos and X-rays by examined by former WC Commissioners8/11/66 Acknowledgement by Ex. Sec. to EW of receipt of 8/9 Specter letter2/23/67 letter from EW to Specter, replying to 8/9/63 letter, in which EW indicates "I saw them myself and they were horrible. The other members of the Commission had no desire to see them."2/27/67 letter from Specter to EW, acknowledging and expressing appreciation for 2/23 letter11/2/66 memo from Whittington to EW, re: AP and UPI inquiries concerning NYT story of same date indicating EW saw photos and X-rays11/8/66 celebrated (by Lifton) Liebeler memo: "Autopsy Photographs and X-Rays of President Kennedy [while Lifton states in Best Evidence that he got this document from DOJ in an early-'70s FOIA request (thus indicating its "open" status), Doug -- for one -- says he's never seen it]11/16/66 cover letter from Liebeler to Rankin, cc'd to most of known universe, re: above memo12/1/66 Rankin reply to Liebeler12/12/66 EW reply to Rankin, who had apparently cc'd EW on his reply to Liebeler [oddly, both Rankin and EW misspell Liebeler's name in their respective letters]2/4/68 letter from Bernard Geis to former WC Commission John McCloy, re: Josiah Thompson's Six Seconds in Dallas 7/6/69 letter from McCloy to EW, enclosing draft reply to Geis and soliciting EW's advice on whether or not to send it7/22/69 acknowledgment by EW's office of receipt of McCloy's letter, indicating EW Record
