Subject: Archives II and another matter
Tom/Jeremy want a good copy of Warren Commission Exhibit 1066, which is a one-page document. I've left Martha a voice mail asking her to have it ready for you on your next trip out to NARA II. I'd appreciate it, on Tom and Jeremy's behalf, if you could retrieve it from her. Thanks.Also, FYI, I came across a 1992 U.S. News and World Report article which references Kai Bird's biography of McCloy. It's clear the biography covers McCloy's Warren Commission duties.
