Subject: Prouty Interview
Your memo was very helpful. Please remember -- we have not "established" anything and we do not know what is "true" or "untrue" about actual SS relations with local police, military, etc. (see Item 3, last line of page 1). All we have are leads for records that pan out or have not panned out. Our principal goal with Prouty should be to discover what leads he can give us either for records or for people who may be able to help us find other records. It will be very helpful to learn what kinds of documentation he can give us for the allegations that he has made in his book. Questions to Prouty should be designed to solicit what information he knows.
