**Subject:** 12/9/63 FBI report, pristine  
Though it's too late for Jeremy's immediate purposes, I have made a copy of the pristine version of the above record contained in the WC files at NARA II (including 3 "exhibit" volumes, which was probably a waste of time to copy...)The copy is on the center table in the unaligned room; I don't know who should actually hold on to it. If more than one copy is desired (one for Doug as well as Jeremy, for instance), the person who is not Jeremy is welcome to make their own!P.S. I hope to make a similarly pristine copy of the Jan. 13 Supplemental FBI Report (CD 76, I believe) today while I'm out at NARA II.
