Subject: USSS
John Machado called to ask two questions:1. Jane Vezeris is putting together her letter responding to our letter of July 11, 1996, which listed the Eileen Dinneen material. He wanted to know if the Secret Service needed to do RIFs. He assumed that this material is HSCA material so the USSS should not have to create RIFs. I have told him that since it is not his material, he does not need to do RIFs.2. John Machado wanted to know where he could find a database or sources listing names associated with the assassination. I mentioned that he could access names through the JFK collection at NARA, and I mentioned a few other sources. He might contact Chet and ask the same question.
