**Subject:** Ron Haron

I spoke with Ron, who would like to start asap. It would be fine with me. I have some things he could work on.To: David Marwell/ARRB, Jeremy Gunn/ARRB, Tracy Shycoff/ARRBcc: From: Jerrie Olson/ARRB Date: 09/19/96 04:13:08 PMSubject: Ron HaronRon called this afternoon to touch base and to ask some questions. I told him there would be many health plans from which to choose, a form to sign up in the packet of materials from GSA; also profit sharing, etc. later on. He wondered about progress on his background investigation and whether we had any word on how long it would be before completion. I told him Tracy would be the best one to ask about all of these things and I would ask her to call him tomorrow. He is eager to come on board, but would need to give some notice. He was very interested in the LA hearing, so I faxed the articles to him that I had just received from Eileen. He would like to touch base with David and Jeremy. I explained that David has appointments tomorrow and people here in the office would want his ear, certain things would require his attention, etc. He understands that he will hear from you when time permits.Phone: 202-383-7028 Fax: 202-383-6610
