Subject: fbi documents with NAR redactions

Attached to the hard copies in your in-boxes is a rough draft, for discussion purposes only, of a memo to the Board on the above subject. I am agnostic whether, all things (e.g., who will be attending, time constraints, any Sunshine Act considerations, where we stand with the Board on somewhat related issues posed by CIA and DEA records) considered, we should have this subject on the agenda for this week's Board meeting. It would be helpful if that question could be decided at this afternoon's pre-Meeting meeting, so I can finalize the memo, coordinate with the FBI, and select representative documents to show the Board.
